Parklands
Care Homes 

Welcome to Parklands Care Homes

“For 30 years, we have strived to make every life we touch that little bit brighter. That has always been our guiding inspiration. I feel so humbled by what we have achieved together.”

Ron Taylor, Managing Director
Parklands Care Homes

Parklands has been caring for older people for three decades. Our care homes offer supported living in a relaxed, friendly environment with professional, caring staff on hand day and night.

Parklands Care Homes is a multi-award winning care company. We operate care homes across the Highlands, Moray and Aberdeenshire, many of them purpose built to our exacting standards. We provide around 450 care placements across the region and employ over 800 staff, largely drawn from small, rural communities.

Parklands homes offer a range of care services including residential, respite, assisted living, nursing, dementia and palliative care.

Person centred care is at the heart of our approach and care needs are always tailored to the individual. We see our residents and staff as part of the extended Parklands ‘family’. Our friendly and dedicated staff go the extra mile to ensure that residents enjoy their stay at Parklands and live happy, fulfilled lives.

Our Story

Parklands Care Homes is a family owned business formed by Ron Taylor. As a student, he cared for his grandfather and the experience proved life-changing. It was during those precious moments together that the seeds of Parklands Care Homes were sown - a vision of a care group that would deliver the highest standard of

person-centred care to others, just as he had given to his grandfather.

In 1993, that vision was realised when Parklands opened its first care home in Buckie.

Today it is one of the largest independent care home providers in the north of Scotland and set to grow further as it expands across the region.

Award Winning Care

Parklands’ passion for care has been well recognised.

In 2020, Parklands was named the UK’s Best Smaller Care Home Group. It also won the Best for Communication award.

In the 2022 Highland Business Awards, Parklands was named Business of the Year and Parklands managing director Ron Taylor was crowned Business Leader of the Year. Parklands also won the award for Innovation.

In 2023, Ron Taylor won the prestigious Scottish Care Strategic Contribution to Care Award in recognition of his contribution to social care over 30 years.

Parklands was also a finalist in the 2023 Care Home Awards, Great British Care Awards and Caring UK Awards.

Our commitment to Service Quality

“Care plans were detailed and person-centred. When the needs of someone changed, their care documents reflected this change. This meant that staff delivered the care and support that was right for the person.”

Care Inspectorate Report,
Glenisla, July 2022

Each of our 450 residents is a remarkable individual with quite specific needs and interests. Therefore, at Parklands you'll find the emphasis is on person-centred care. We work with you and your family to create a tailored care package that ensures you get the most out of your new life.

Before moving in

Moving home can be a daunting experience for anyone so we work with you and your family to ensure the move into your new care home is stress free. We can arrange for you and your loved ones to visit the home, see the facilities first hand and meet staff and other residents - so that when you do move in, you already feel at home.

The health and safety of our residents and employees is our top priority. Before you move in, your local care home manager will be happy to advise you and your family on the latest Covid safety protocols, where appropriate.

Moving day

Our dedicated staff will be on hand to ensure you have everything you need from day one. Your friends and family are welcome to join you on moving day as you settle into your new home. We encourage residents to bring personal belongings and treasured mementos into the home; it is also possible to bring some of your own furniture.

Visiting

Our care homes are friendly, open, welcoming environments. We encourage relatives and friends to join us for activities and social events, and to take residents on visits into the local community. For those who live at a distance, we can facilitate telephone or video calls.

The pandemic has been a difficult time for many residents and their loved ones. The good news is that Covid restrictions have been lifted. However, local circumstances may change at short notice. In such circumstances, your local care home team would advise your relatives of any temporary restrictions, guided at all times by the expert advice of public health professionals.

Your personal care plan

Prior to admission, we meet with you, your relatives and any health and social work professionals involved in your care to discuss your care needs, including any specific health, mobility or dietary requirements you may have. We ask you to prepare a document that tells us more about you, your interests and your background - this helps ensure we can plan meaningful activities that will engage and inspire you.

We also carry out a robust pre-admission assessment before you move in. This helps ensure that we can meet all of your care needs and provide a tailored plan that is right for you.

“Everyone should try this career because it’s amazing and it changes your life.”

Niamh Clark,
Carer, Urray House

We use person-centred digital platforms to record and monitor your daily care. This ensures that staff can access and update your care records round the clock.

We understand that your care needs change over time so we review your care plan on a regular basis to ensure it continues to meet your needs.

Your relatives will be kept fully informed of any changes to your care plan and will have an opportunity to suggest any changes they feel might be appropriate. Health and social work partners also routinely provide input as part of these ongoing reviews.

Quality assured

Parklands operates its own Quality Management System, audited by senior managers and discussed at regular meetings to ensure that we continue to meet our regulatory requirements in areas such as medication, nutrition and infection control. Our homes are subject to regular independent inspections by the industry regulator, the Care Inspectorate.

Reports are available at each home or can be found at careinspectorate.com >

Complaints

We work hard to ensure that residents’ care needs are fully met. On the rare occasion when a complaint is made, it will be investigated thoroughly and resolved promptly.

We want you and your loved ones to have confidence in our service.

Full details of our complaints procedure can be found here >

Funding

We provide care for residents who are funded by their local authority, as well as those who are privately funded. If you would like to discuss our fees, please contact us on **01479 788000** or email info@parklandsgroup.com >

Waiting lists

Our care homes are very popular and it may not always be possible to secure a room at the time of your choosing. We recommend that you join our waiting list and once a vacancy arises, we will contact you.

Live life to the full at Parklands Care Homes

Parklands' care homes are full of life. We aim to create a warm family atmosphere where residents are made to feel at home. With the support and encouragement of staff and family members, many of our residents are able to maintain a relatively independent lifestyle.

Inclusive

It is important that residents and their loved ones have an opportunity to raise issues with us. We hold regular meetings where residents are invited to provide feedback on any aspects of their care and well-being. We want you to feel that your contribution is valued and recognised. It's your home, after all. This inclusive approach helps ensure the smooth running of our homes and gives you and your loved ones peace of mind that you are in good hands.

Dining at Parklands

Food is an important aspect of our residents' days; it provides a routine, promotes physical well-being and encourages social interaction. Our meals are freshly prepared every day and our menus are inspired by the flavours of the north of Scotland, an area renowned for its farming and seafood. We pride ourselves on sourcing locally produced ingredients.

Mealtimes are unhurried and relaxed. We offer two meal choices at lunchtime and dinner time and menus for the week ahead are displayed in each

home. Residents are welcome to dine in their own room, if they prefer. Fruit, snacks and light refreshments are available throughout the day, along with a selection of home bakes.

Our chefs take the time to get to know our residents, their food preferences and any health requirements they may have. They work closely with NHS dietitians to ensure that residents enjoy a healthy, nutritious diet – with the occasional naughty treat! Birthdays and anniversaries are always celebrated with a home-made cake and party.

Active lives, active minds

Our residents enjoy a busy programme of fun and stimulating activities. A mini bus is available for days out to the cinema, nearby visitor attractions, the beach, local ceilidhs or for a spot of lunch or shopping. Local musicians, artists, dancers and even therapy pets regularly visit our homes to entertain our residents. Children from nearby nurseries and schools are also welcome visitors. Religious services are held in most homes on a regular basis. Arrangements can also be made for residents to attend their own local church, wherever possible.

Reminiscence is an important aspect of our approach to care. We plan meaningful activities that interest and inspire our residents – often a visit to a favourite local landmark or a treasured place from their childhood.

“People were very positive about the quality and choice of meals. The meals looked appetising and there was a good choice available.”

Care Inspectorate Report, Netherha,
April 2022

In 2019, we launched an award-winning reminiscence project in which residents were invited to talk about key historical events, such as the Moon Landing, as well as precious life moments, such as Christmas and Valentine's Day.

In 2022, this series was reprised with a video in which residents spoke movingly of their admiration for Her Majesty The Queen and the contribution she made to British life.
You can watch it here >

Parklands was nominated for a Scottish Care Award in 2022 in recognition of its commitment to meaningful person-centred activities.

To mark its 30th anniversary, Parklands has produced a 10-part podcast series called Carecast which takes listeners on a fun-filled and often emotional journey into the world of Parklands' care homes. You can listen at podfollow.com/parklands >

Inspiring People Who Care

“I tell everyone I know that I work in a care home. It’s something to be proud of.”

James Irvine,
Domestic/Pantry Assistant, Speyside

People make the difference at Parklands. We are proud of our dedicated, professional team of employees. They are the reason for Parklands’ success.

We employ our staff on the strength of their emotional intelligence and their willingness to learn and adapt in a fast paced and ever-changing environment. When employees join Parklands, they become part of our extended family. And as family, we support them throughout their career journey.

We provide high quality SVQ training plans that allow staff to learn at their own pace, and our structured career

development programme ensures that staff can progress through the organisation.

We work closely with local schools and colleges, as well as agencies like Developing the Young Workforce, to provide new opportunities for young people interested in working in the care sector.

“Thank you to all staff and the management team who do so much to help our elderly get the best out of life. Long may it continue.”

Councillor Neil McLennan

Parklands in Buckie was where our story began 30 years ago. At Parklands - and its sister home **Burnbank** - residents are regular visitors to local shops, cafes and attractions. Both homes have a busy programme of in-house events, including music festivals and fun days. Residents also have access to their own garden shop.

Parklands and Burnbank are rated Grade 5 (very good) by the Care Inspectorate for the way they support residents' wellbeing and for the quality of their leadership. They are rated Grade 6 (the highest possible rating) for the way they help residents get the most out of life.

Parklands offers 27 bedrooms, a dining room, two day rooms and a TV lounge.

Burnbank offers 22 en-suite rooms, including four assisted living suites, a spacious dining room and communal lounge.

About Buckie

Buckie is best known for its harbour and fishing, not least for its prized shellfish which is sold around the world. The town enjoys magnificent views overlooking the Moray Firth and is a popular location for dolphin watching. The coastal scenery is breathtaking at any time of the year and the town is a perfect base from which to explore the Whisky and Castle Trails of Moray and Aberdeenshire and the North East 250 route.

188
new care beds coming soon

39
later living homes for sale

Parklands has been one of the leading independent care providers in the north of Scotland for three decades. It has made its mark by delivering the highest standards of quality person centred care in homes that are setting new standards of comfort and luxury. As it looks the future, Parklands is continuing to invest and innovate.

Work is underway on a new care hub for the city of Inverness. Parklands' largest ever investment, it will comprise a care home with 58 en-suite rooms, many of them with spectacular views of the Moray Firth, several day/dining rooms, quiet lounges, an activity room, hairdresser and café.

A second phase, a later living village, will provide 11 two bedroom bungalows for sale. The later living village is intended to act as a bridge between independent living and the traditional care home model, with residents enjoying access to shared services and social activities with the care home while leading otherwise independent lives. **See more >**

Parklands has also announced plans for a new 40 bed care home in Elgin. **See more >**

New care homes and later living bungalows are also planned in Turriff and Alford. **See more >**
